## - DELINE

---

An exquisite exercise of curation, where every piece and every accessory has a place and a reason to be.

Deline concept store creates a concept through experiences, textures, and trends. A boutique that reflects an intuitive and consistent selection inspired in travels and local Mexican talent.

We look for a balance, thinking of the contemporary culture of our country. The trends, proposals and creative process related to: fashion, art, jewelry, personal hygiene, and accessories.
